Dear Dan,
Thought this would be right up your alley. The breakthroughs are coming so fast it's hard to keep up with them - the more info available, the faster the change. This seems like a good way to speed up the flow of information - the flow of energy through the dissipative structure of our culture.

Hope you join me,

Michael

Super Learning

by Charles Vaden

Super Learning is the capacity to know in perfect clarity ideas which come to you spontaneously.

The new year has brought a wonderful gift to Las Vegas. The leading edge of Psycho Technology was revealed recently with amazing success. The Mind Expansion Seminar hosted by Daniel Longworth of Outcomes Unlimited demonstrated the powerful tools of Super Learning, the DAVID 1 and the Brain Tuner. Super Learning is the capacity to know in perfect clarity ideas which come to you spontaneously. Super Learning is the Ah Ha of the creative self that lights up when problem solving occurs. The DAVID - Digital, Audio, Visual, Integrated, Device, is a technology that uses stimulation of the visual and auditory faculties to create a sense of deep relaxation. The inventor of DAVID 1, David Seiver of Edmonton, Canada, has provided the New Age with a technology that allows us to tap into inspiration, the source of imagination and the well spring of spirit.

According to Volker Pisto, the foremost authority in the United States in Mind

Expansion Technology, "It allows us to march to the beat of the Cosmic Drummer." Volker further points out the vast scope of issues facing the body social can be quickly healed with the application of neurolinguistic programming and the DAVID 1. "The DAVID 1 is the framework and technology for super learning," Volker says, "but neurolinguistic programming (NLP) is the software or energizing factor." By utilizing the DAVID 1, we can achieve a state of Theta, an automatic relaxation response, the state of deep meditation. Then the body is asleep and the mind is awake, the individual can learn to install creative resource states, access inner healing, knowledge and change limiting beliefs.

In the book *Mega Brain* by Michael Hutchison, he states, "Neuroscientists claim that we have learned more about the brain in the last decade than we have learned throughout all the ages that went before." Research has destroyed myths and proven that the

brain can be exercised and made to grow and increase in weight.

A device created to help the brain grow and increase the learning capacity is the Brain Tuner. The Brain Tuner is a device that connects below the ears and stimulates through electrical impulses the brain capacity to generate Endorphins and Neuro Peptides, long chain Amino Acids. The effect is the ability to restore memory, improve recovery of head trauma and enhance mental clarity. In essence, it tunes the brain to respond at a fuller capacity.

There is now proof and evidence that the New Age is now in the hands of those wise enough to control their mental evolution. The tools and techniques of brain growth and mind expansion provide a quantum leap for human development. We can now attain the same heights of achievement as those reached by the Voyager I on its exploration of deep space. ***

MEMORANDUM

TO:

FROM: Jim McWhorter

ATTN:

On January 21, 1989 I attended an Outcomes Unlimited seminar where you were the featured speaker. The seminar was a one day event with you instructing the participants in how to use NLP techniques. During the seminar, you sometimes used the DAVID 1 (a light and sound brain entrainment device) to enhance the learning process. At the conclusion of the seminar, I purchased a DAVID 1 and two sets of Dr. Lloyd Glaubermann's HPP tapes to use with the DAVID 1. It was one of the best investments that I have ever made.

Since attending the seminar, I have used the DAVID 1 on a regular basis and the results to date have far exceeded my expectations. Every facet of my life is now easier and more productive. On a professional level, I now find myself taking on greater responsibilities and accomplishing new tasks with ease. On a personal level, my relationships with people have taken on new meanings. Being a manager requires that I deal with all types of people. I do this more effectively than at any time in the past.

Attending your seminar and purchasing the DAVID 1 has certainly made a profound difference in the way I manage my professional and personal life. For the first time in my life, I feel that opportunities for me are truly unlimited. Thanks.

Jim McWhorter
